# Young Rose Plants

## WHOLESALE PRICE LIST

### TO THE TRADE

**I**F you are in the market for YOUNG ROSE PLANTS, we believe we can interest you. In our opinion, which is based upon our own experience, we can give you better value for your money than you have been getting. We have not heretofore been selling young roses, as we have ourselves planted the entire quantity propagated. We have this season propagated considerably in excess of our land room for planting and can offer to the trade one hundred and fifty to two hundred thousand plants.

**WHAT WE OFFER:**—Plants quoted are all on own roots; all wood for propagating is taken from plants growing in the field in a healthy state and in bloom; we propagate from July to October. The plants here offered are growing in beds out of doors without any protection whatever—and have had none since rooted; they have never been forced—were not grown from forced wood, and while some sorts may not be so "toppy" as greenhouse forced plants, they are hard, handsomely rooted, and will stand shipping and transplanting anywhere. In shipping we shake off soil from roots, dipping the roots in a solution of heavy soil and water—bunching the plants and wrapping roots in moss; thus, they can be packed light and safely to go any distance by express. The plants we are offering are precisely what we plant out ourselves, and, as suggested here, our experience is, that they are worth more by considerable than greenhouse propagated plants from 2½ inch pots.

Give us a trial this season and we think you will be ready to do business with us on the same line future seasons.

Yours truly,

## California Rose Co.

**Guarantee of Genuineness**—While we exercise every possible care and diligence to have our plants true to label, and hold ourselves in readiness, on proper proof, to replace any that may prove untrue to label, without charge, or refund the amount paid for the same, it is mutually understood and agreed between the purchaser and ourselves that this covers the full extent of our guarantee or responsibility in the premises.

**Complaints**—If there are any just complaints to be made, of any nature whatever, the same must be forwarded to us immediately upon receipt of the plants.

**ARE you in the market for YOUNG ROSE PLANTS?**

**A** If so, we would like to have you submit to us a list of your wants. We have a surplus of many sorts—the same stock we plant out ourselves—on our own roots—our own proposition—grown from wood taken from plants growing in the field. These plants are in beds out of doors and have had no protection whatever since rooted—while some of them are not so “tappy” as forced stock; they are hard, handsomely rooted and will stand shipping and transplanting anywhere.

Let us have your list for pricing.
